Employment Taxes

The Employment Team, in corroboration with the Tax Team, is pleased to present a seminar on the complex area of employment taxes.

In this seminar Tax expert Brett Zimmermann will take a closer look at taxation issues for employers in a range of situations including:

- The taxation of an employee's income during the course of employment.
- Payments made upon termination of employment (including leave entitlements, notice, redundancy and golden handshakes).
- Payments made post-employment including in settlement of employment claims.
- The taxation of workers compensation settlements.

Employers that attend this session will leave with a clear understanding of their obligations under Federal taxation law.
