## New Uniform Civil Court Rules: Costs and Maximising Recoveries Explained

The new Uniform Civil Rules came into effect on 18 May 2020. These rules unify the court rules between the Magistrates, District and Supreme jurisdictions in South Australia. The principal objective of the new regulations is to facilitate the just, efficient, timely, cost-effective and proportionate resolution or determination of proceedings before the Courts.

During this session, our litigation experts, Brendan Golden and Helene Chryssidis, will walk you through the key considerations that solicitors focus on when formulating effective offers that protect their clients and place them in the best position to obtain a favourable cost order. Brendan & Helene will provide unique insights on recent procedural decisions to explain how the Court has utilised its discretionary powers to award costs and the critical factors that the Court takes into account when arriving at a determination for a case.

If you own, manage or take a leading role in running a business, this is a critical webinar not to be missed.
