**Increasing Cyber Security Risks such as Ransomware can** destroy businesses overnight or leave you with days of recovery and data loss. Attacks on corporations, governments, large infrastructure, and financial organisations have become a daily occurrence and no business is immune.

Is your business keeping its IT up-to-date to protect against new threats? Do you have a legal framework in place to minimise any risk?

This presentation will explore everything businesses need to know to implement a comprehensive security strategy including;

- **Risk Management Policies** »
- Protecting Confidential » Information
- » Privacy Act Obligations
- Awareness & Training
- Network Security »
- **Application Security** »
- System Security »

# **Date & Time**

Wednesday, 18 October 2017 5:30pm - 7:30pm Drinks & nibbles provided

# Venue

Boardroom DW Fox Tucker Lawyers L14, 100 King William St, Adelaide
